

Students of Heriot Watt University – Lateral Flow Testing

All HWU students are eligible for lateral flow testing and this is strongly recommended.

Where?

Edinburgh Testing Centre – Cedar Suite, Hugh Nesbit Building, top floor

When?

Every Monday and Thursday from 22 February 2021 until the end of March 2021. Please ensure you book two tests - for example if you book your first test on Monday, please book your second test on Thursday, 3 days later. If you book your first test on Thursday, please book your second test the following Monday.

How do I book an appointment?

To book your COVID tests go to the myHWU portal and select the My Appointments tile.

There is no charge for the tests.

Once you are in the Available Appointment area select 'COVID Test – this is a lateral flow (quick result) test' and choose a time slot. You will receive a confirmation of your appointment which you can view any time under 'My Appointments' in your student portal. If you encounter any difficulties in booking an appointment, please log an enquiry via AskMyHW tile in your student portal. “
